

F.A.Q.

When does the actual commitment service take place?

We hold the commitment service as a part of our regular church service. Child Dedications are held during weekend services.

Can I bring other family members with me to the dedication? What about God Parents?

We ask that only the parents take part in the commitment, but we encourage you to bring family and close friends with you to share in this moment and to attend the reception afterwards.

What else do you do besides the commitment in the service?

Immediately following the service, we offer a reception for your family and any extended family or close friends that you would like to invite. This event is approximately 1 hour and includes finger food, cake, punch and coffee. We also have talented photographers who donate their time to capture this day for your family.

Is there a fee for Child Dedication?

No, this ministry is offered to all members and regular attendees of Fox River Christian Church as a service. We are thrilled to partner with your family in raising your children in a Godly home.

What is the age limit for Child Dedication?

Children of all ages can participate in Child Dedication.
